Z40 ADVANCE

zummo

Usability meets squeezing power

Model Z40 Advance is the perfect juicer to attend the needs of mass catering and megastores. Its capacity to extract large amounts of juice in a short period of time - up to 40 pcs. per minute - permits satisfying the typical demand peaks of this type of establishments.

Featuring a new design, the innovative Quick Exchange System (QES system), and unmatched production capacity, the Z40 Advance is here to remain the benchmark in its category.

Food service

Ref: ZT40CPA-D

Restaurants, bars, cafeterias, hotels, shops,... The Zummo Food Service line has been designed to provide service in any type of establishment. Depending on the characteristics, Zummo offers each business the perfect juicer to cover their needs and get maximum return on their investment. The Zummo Food Service range incorporates Viva Advance, the Nature & Advence juicer models, and the Samba juicers extractor, in all versions and with all accessories, Discover them!

EVS® Advanced

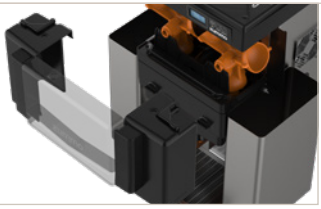

Unique vertical juice extraction system; a Zummo exclusive. Based on manual juice extraction system it achieves maximum profitability, obtaining the purest possible juice with the greatest operational functionality.

Juice extraction kits with Boost Up.

The different-sized juice extraction kits help to maximise the yield of the juice extracted from the fruit depending on its diameter: Medium (**M**): Orange; Large (**L**): Maroon.

Up to **3%** more performance with the Boost Up™ kit compared to the previous kit.

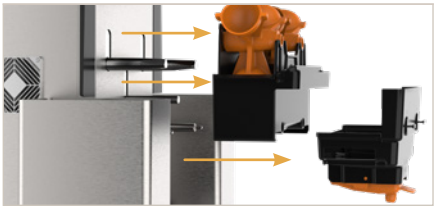

2 step cover

The new removable cover comes off in 2 steps, saving time with faster dismantling and easier cleaning.

Two options:

- Remove the full cover for cleaning
- Split it into 3 parts to wash in smaller spaces.

Quick exchange System (QES™)

Save time with our Quick Exchange System. In a single movement you can disassemble the squeezing kit.

Assembly and disassembly in just 20 seconds!

Leader in the market.We simplify processes so you can turn your time into profit.

Easy Set up feeder

The Easy Set Up Feeder allows assembly and disassembly in 3 steps, juicing 92% of oranges (M-L kit) without clogging.
