

Humanized technology comes alive.

A new concept in citrus squeezing has arrived. Viva brings new value to your establishment, an innovative concept that combines design with the most cutting-edge technology. Maximum performance for your business. Maximum style.

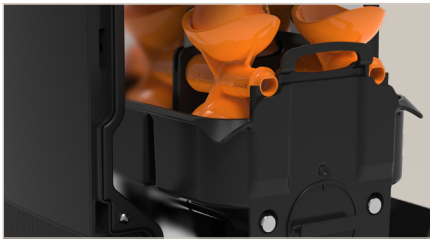

## Food service

Ref: Z25-D-SM

Restaurants, bars, cafeterias, hotels, shops,... The Zummo Food Service line has been designed to provide service in any type of establishment. Depending on the characteristics, Zummo offers each business the perfect juicer to cover their needs and

get maximum return on their investment. The Zummo Food Service range incorporates Viva Advance, the Nature & Advance juicer models, and the Samba juice extractor, in all versions and with all accessories. Discover them!

## QES y EVS® Advanced

With that intuitive system, the Efficient Vertical System (EVS) squeezing kit is grouped into a single block minimising the number of parts. Easily assemble and disassemble the squeezing kit in one easy movement. Save time and turn it into profit. Save time with our Quick Exchange System (QES). In a single movement you can disassemble the squeezing kit.

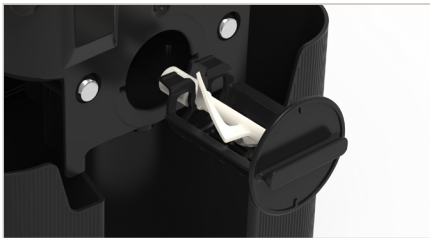

## Squeezing kits

Squeezing kits of different sizes allow you to maximise the output of the squeezed fruit according to its diameter. Easily identifiable thanks to the characteristic colour of each range:

Medium (M): Beige; Small (S): Brown; Extra Small (XS): Green

Thanks to the QES system of the squeezing kit, assembling and disassembling the kits is even easier.

## Automatic filter

An innovative rotating design which guarantees the highest quality and purity of the juice.

## Boost Up Kit

Business owners can expect a higher return on investment and increased customer satisfaction by investing in this innovative technology. It's time to squeeze more with less and enjoy a brighter, more profitable future for your business.

Only in M size kit.
